WESTERN WASHINGTON

ECEAP is a free preschool program for low-income families that equips, nurtures, and prepares students to have a great start in life.

Early Childhood Education & Assistance Program

Beyond the classroom, we ensure that all our students are receiving regular health screenings, their families have enough food to eat, and their parents or guardians have whatever support they need.

Compared to similar children who do not attend, children in ECEAP preschools are:

- healthier when they start kindergarten
- more likely to graduate from high school and go onto college
- more likely to be employed and to earn more as an adult
- less likely to be in special education or repeat a grade
- less likely to become pregnant as a teen
- less likely to become involved in a crime

We have three ECEAP sites in Snohomish County to serve our neighbors
