

We are raising \$200,000 to give hope to our neighbors in need during COVID-19.

Food

1 in 4 families are food insecure, and VOA has seen a surge of families at food banks during the pandemic.

Response

VOA opened up the Casino Road Food Pantry and 3 drive-through Pantries, increased distribution to food partners, and has fed over 56,000 individuals since March 2020.

Your gift

Feeds more kids, teens and adults.

Shelter

Rising unemployment and demand for housing is anticipated to push many families into homelessness.

Response

VOA has given out over \$1 million in rental assistance to keep over 350 families housed, and we continue to use all means available to keep families from becoming homeless.

Your gift

Keeps more families in stable housing.

Support

Calls to VOA's Suicide Lifeline increased 66% during COVID-19, and the CDC reports increases in anxiety and depression.

Response

We increased funding for Care Crisis & Suicide Lifeline counselors and hired 10 Covid Community Outreach Counselors to meet mental health and basic needs of different communities.

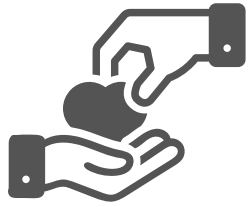

Your gift

Increases our ability to serve those who are struggling.
