Washington is the largest human service agency in Snohomish County and we serve six counties in Western Washington. We are an affiliate of a national organization, governed by a local board of directors. Specifically, we help families in crisis, cultivate promise in children, and empower independence for seniors and adults with disabilities. Whether we are delivering food to a homebound senior, providing rent and mortgage assistance, or providing a child with the tools needed to succeed in school, we are there, answering the calls for help from our community's most vulnerable neighbors.
