“March Against Hunger” Snohomish County Food Drive

Each year, Snohomish County employees spend the month of March collaborating to raise money and collect food to help serve their community through their ‘*March Against Hunger*’ event. The food collected and the money raised is donated to Volunteers of America Western Washington to distribute to food banks all throughout the County. Each department works together to strategize how they will creatively raise money and collect food so they can make an impact on their neighbors in need. This year, Snohomish County Employees had their best year ever, collecting:

- **6,648** pounds of food - over 3 tons!
- **\$44,688.90!!!**

Volunteers of America Western Washington, on behalf of the families we serve, graciously thanks all of the employees of Snohomish County for their support, passion, and dedication to helping feed vulnerable families in Snohomish County.

Want to join Snohomish County employees in making a difference in your community? Make a donation to help your neighbors in need. Learn more about VOAWW at voaww.org or call (425) 259-3191.

About Volunteers of America Western Washington

For families, children, seniors, and adults with developmental disabilities, Volunteers of America Western Washington is the place to turn for those in need. In fact, 350,000 times a year, people in need turn to us for assistance. Volunteers of America Western Washington is the largest human service agency in Snohomish County and we serve six counties in Western Washington. We are an affiliate of a national organization, governed by a local board of directors. Specifically, we help families in crisis, cultivate promise in children, and empower independence for seniors and adults with disabilities. Whether we are delivering food to a homebound senior, providing rent and mortgage assistance, or providing a child with the tools needed to succeed in school, we are there, answering the calls for help from our community’s most vulnerable neighbors.
