RENTER CERTIFICATION & FAIR HOUSING TRAININGS

The Dispute Resolution Center of Snohomish, Skagit, and Island Counties (DRC) has been providing services to Landlords and Tenants for more than 32 years. Taught by specialists in Fair Housing and Landlord-Tenant, attend our training to learn about:

- Landlord-Tenant rights and responsibilities
- Fair housing laws, compliance, and protections
- Rental property screening overview
- Soft skills to help stabilize housing and minimize evictions
- A “Tool Box” of resources to assist Tenants in successfully obtaining housing

Participants receive a certificate upon completion that entitles them to free Landlord-Tenant mediation and boosts their rental resume.

After completion, tenants can request one-on-one meetings with DRC staff to review their rental history and create a plan for securing housing. That plan may include mediating past debts, attending budgeting classes, identifying affordable housing and exploring community resources.
